# HOPE FOR RELIEF

A Belated Message From Minister  
Conger Received at the  
State Department.

ALL WELL AND NO FIGHTING JULY 21

It Is Thought By Washington Officials  
That the Legations Are Yet  
Safe From Harm.

An Imperial Edict Orders Jung Lu  
to Proceed to the Legation.  
Ministers to Tien-Tsin-As  
Viewed in Washington.

Washington, Aug. 6.—A belated message from Minister Conger was received at the State Department. It came through Consul General Goodnow, at Shanghai, who transmitted messages received by Mr. Ragdale, United States consul at Tien-Tsin, from Mr. Conger and Mr. Spillers, secretary of the United States legation at Peking. The advice are the same as those received a day or two ago by the State Department from Consul Fowler at Chiao. Mr. Goodnow's message was transmitted to President McKinley at Canton, and Mr. Ades, acting secretary of state, later issued the following statement concerning it:

"Consul General Goodnow, in a telegram dated Shanghai, August 5, which was received at the department of state at 4 o'clock Sunday morning, reports the receipt by Consul Ragdale at Tien-Tsin of messages from Minister Conger and Mr. Spillers, secretary of the legation, Mr. Spillers, dated July 21, to the following effect:

"All well; no fighting since the 18th by agreement. Ammunition provisions. Hope for speedy relief."

"Mr. Goodnow adds that the director of posts, Shang, had on the 5th communicated to him an imperial edict dated July 20, ordering Jung Lu to provide an escort for the ministers to Tien-Tsin when the ministers fix the date. The edict says the ministers can receive messages, not in cipher, but notwithstanding this plain messages were returned to some consuls on August 4."

While the messages from Minister Conger and Secretary Spillers bear the date of July 21, the belief, founded not only upon them, but also on collateral and later information, is that the legations are yet safe from immediate harm. At present there is no means of knowing whether the ministers will accept the offer of the Chinese imperial government to provide an escort for them to Tien-Tsin but it is surmised that they will prefer to remain within the British legation at Peking until the arrival of the allied forces. Should they leave for Tien-Tsin in all probability it would be because they regarded it the safer course to pursue. It is thought to be not unlikely that the Chinese government will be very insistent upon the departure of the ministers in the hope if they can be gotten to Tien-Tsin in safety, the storming of Peking may be averted. The inhibition of cipher dispatches to the ministers while a serious breach of diplomatic usage is not regarded here with apprehension. The Chinese government, it is pointed out, is suspicious of the actions and intent of the powers and probably has adopted this precaution to prevent communication to the ministers the details of military movements. It is evident from the adoption of this measure that the Chinese government regarded itself as antagonistic to it not actually at war with the powers. Thus far no inhibition has been placed upon cipher messages between various governments and their consular representatives in China outside of Peking.

# INSURGENTS ACTIVE.

Philippines Have Ambushed and Attacked Small Parties of our  
Philippine Soldiers.

Manila, Aug. 6.—There has been an increase of insurgent activity during the last three weeks, especially on the way of ambushing and attacking small parties. First Lieut. Alister, of the engineer corps, with an escort of 15 men, was taken in ambush in the province of Nueva Ecija, Luzon, by a large force. The Americans fought until their ammunition was gone and as they were surrounded there was nothing to do but surrender. One man was killed and three were wounded. Gen. Lacuna, who was in command of the insurgents, returned the wounded with a letter promising to treat the prisoners well. Lieut. Bonito Huesburg was ambushed and killed near Santa Cruz, province of Laguna.

Five men of the 24th Infantry were captured in Nueva Ecija, but Sergt. Schmidt, of the 12th infantry, with seven men, trailed the captors and killed five.

Capt. Lara, of the Manila native police, was dangerously shot by insurgent forces on the way to the street. He had been effectively enforcing regulations and had made enemies among the Filipinos, some of whom have long been in rebellion. Gen. Lacuna had been generally accused of gross corruption in office and specific charges were filed against him by an American officer.
